It is evident from the analysis that 49.16% of classes of Department of Tabla remain unattended by the students followed by Faculty of Dance with 13.86%. These two departments has influenced the total percentage (15.80%) of unattended classes where no student were present. IQAC is suggesting these two departments to improve their class status by increasing number of fruitful classes.

- 1) IQAC of SDMGMC is mentioning the following points which may be taken into consideration.  
A number of classes taken by faculty members are highly variable. Distribution of class load may be discussed and verified every week with the HODs of different departments.

- 2) Senior faculty members may be entrusted with more classes for 1st-semester students. The practice may help students in understanding the course content easily.
- 3) Average and bellow performing faculty members in terms of number of classes allotted and conducted thereby may be discussed for better service delivery.
- 4) The response of classes taken may be submitted on the same day.
- 5) The full name of the faculty members may be inserted in the Google form.
- 6) Faculty members encountered with zero student attendance may be discussed to resolve the issue. They may further request to repeat the topic selected for the class.
- 7) It is also evident from the analysis that the total number of classes taken by Guest Faculties of different departments is not significant. The reason may be discussed with the concerned HODs.
